

Sulfur, reagent grade, powder, purified by refining, -100 mesh particle size

Sulfur, reagent grade, powder, purified by refining, -100 mesh particle size

Identificativi Prodotto

Reference: 215198-500G

S

Descrizione

Dati Tecnici

CAS Number: 7704-34-9

Molecular Formula: CH_2S

Purity Grade: reagent grade, powder, purified by refining, -100 mesh particle size

Molecular Weight: 32.07

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X500G
